March 2021

Dear Sponsors and Supporters,

**Give thanks to the Lord, for he is good. His love endures forever. (Psalm 136:1)**

We give thanks to the Lord for the graduates of our Primary and Secondary (Lower or First Part) Schools in the Sakila Sponsorship Program. We are sending you the graduate lists, so that you can see if your student(s) are one of those. Form 6 (Upper Secondary) students will be graduating in May of 2021.

**Answers to some questions you may have or have had over the years!**

- What happens after my student graduates from Standard 7 (Grade School)?** Your student will have finished the government requirement for schooling in Tanzania. They have a graduation in October, and are finished in November. Then, they have a bit of a break before they start Form 1 (High School) in January. They can choose not to continue on, and we will contact you once we are sure that they are not coming back. Sometimes, it takes a few months for kids to come back after a break because of helping their families, lack of resources, and other unforeseen obstacles. Also, this is the time that we are updating our databases for the new year, and we appreciate your patience with us.
- When I send money for the Monthly Family Assistance (Duka), does it go directly to the family?** No, your faithful giving to support the families of your students is placed in a separate category and evenly distributed to the families on the list. Families on the list will come to the store (Duka) every two weeks and receive food and staples. We ask for a standard amount of \$20 a month, in order to make this process work in a fair and loving manner. Tanzanian society is a "Share" society, and if the family standing in line ahead of them receives \$30 worth of goods for two weeks, and another is only given \$10 worth of goods, it will cause conflict and strife. We hope that you can understand the necessity of this way of life that may be different from our own.
- What happens after our student graduates from Form 4 (High School)?** They graduate in October, and finish in November, and then if they are willing and able to move on to Form 5, they will start again in July. This period of time gives them an opportunity to work and continue studying for the intense period of upper secondary school, before university. This schooling is about 3 times the cost of Primary School, and the intensity of work study is unlike our own. If you choose to continue to support your student this far, your financial support helps their room and board on-campus, and educators tutoring them for the July start date. Thank You!

**\*If you have questions of any kind about your students, please contact myself (Jennifer Kamrath), and the Sakila Team will do their best to give you an answer.**
